It was agreed by the committee that the **LPC access for page on the township website** will be tabled until 2026.

New Business:

Dan Ullman will contact Eric Anderson at the Tinicum Conservancy to discuss:

1. Getting the LPC members back on the TC data base
2. Review TC files with LPC to identify priority properties for Conservation Easements
3. Possible purchase of 2 acres (old Gobblers property) on the towpath in Pt. Pleasant and how it is progressing with the DCNR and Natural Lands grant. Jack Stufferud is the contact at Natural Lands

Cindi presented a brochure from Essex CT Open Space that shows trails on the town's easements.

Luke identified one property on Sheep's Hole Road, that has a trail easement as part of its Conservation Easement. It is not marked or maintained. Cindi suggested that the township could work on that, maybe the EAC?
