Call to Order

Approval of minutes from 4/2025 (sign minutes). Motion to approve by L.Zonca,
seconded by M.Kyde to approve minutes as written.

Old Business

1.) Earth Day Fair recap –Lauren Z. reported that it was suggested that Earth Day should take place at a different location, it was felt by the person who suggested a change in venue the low turnout may have been due to the location. The committee discussed possibly changing the date to later in May, Marion Kyde suggested an October time frame and/or doing a road clean-up followed by returning to the township building for food and drinks instead of an Earth Day Fair due to the low turnout, weather and amount of work needed. This was then tabled till there were more members at the meeting for further discussion. Corinne Blaydon voiced concern about keeping the community involved instead of changing the venue and keeping things simple, there was a low vendor turnout and the more it is active at the park the turnout should increase.

2.) LCAP –tabled for July meeting

3.) Sustainable PA –tabled for July meeting

4.) Mushroom talk –Marion Kyde suggested doing this on the October or February meeting

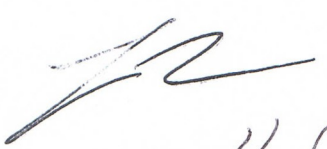

New Business

1.) Discuss survey –tabled till July or August meeting

2.) Grants –there are no grants to be discussed till there is more information

3.) Corinne Blaydon asked if the EAC would be interested in participating in the Trunk-r-Treat Festivities planned for October 25, with an October 26 rain-date. Corinne suggested an environmental themed scavenger hunt. (pinecone ghosts, gummie worms, mint leafs' for kids to find, Pet rock painting table)
